1. Introduction

- 1.1 Historically, there have been no clear guidelines about how NHS Devon CCG will support patients who need financial support to go to healthcare appointments. This has meant that in the past decisions have been made using existing customs and practice and patients have been advised through PALS.
- 1.2 This policy has been written to standardise, make fair and provide definitive guidance on NHS Devon Clinical Commissioning Group's (NHS Devon CCG) payment of travel and accommodation expenses for patients receiving healthcare out of area.
- 1.3 The National Healthcare Travel Costs Scheme policy on reimbursement of patient travel costs is available separately and is unchanged by this policy.
- 1.4 This policy states that NHS Devon CCG does not routinely pay for or reimburse travel or accommodation costs, however it does signpost and offer support to patients to who wish to seek financial support.
- 1.5 While NHS Devon CCG seeks to provide treatment as close to home as possible, there are arrangements to provide specialist care at regional centres to optimise the care patients receive
- 1.6 'Out of area' is considered to be anywhere outside the NHS Devon CCG footprint

2. Advice and options for patients to seek funding to attend appointments out of area

- The options below should be accessed in order to seek funding for accommodation costs to attend NHS healthcare appointments out of area by the patient or by the carer on their behalf, where patients cannot access treatment locally.
- 2.1. The patient should seek to arrange appointment times which would avoid the need for overnight accommodation.
 - 2.2. The patient should seek free or discounted accommodation through the hospital or care setting they are attending. Some specialist centres recognise their patients come from a wide geographical area and have schemes to support patients
 - 2.3. The patient should approach the receiving hospital to see if any charitable funds are available, linked to the disease area or ward to assist; this information should be requested from the professional lead, ward manager or the providers PALS team.
 - 2.4. If options 2.1 to 2.3 have been explored and found unsuccessful, funding support may be available from local council and charitable sources please see appendix 1 for further details.

3. National Healthcare Travel Costs Scheme

- 3.1 For travel claims where the patient is on low income/eligible benefits they can use the means-tested Healthcare Travel Costs Scheme (HTCS) to claim back travel expenses. An up to date list and how to claim is available at:
<http://www.nhs.uk/nhsengland/Healthcosts/pages/Travelcosts.aspx>

4. Exceptions and Appeals

- 4.1 NHS Devon CCG does not routinely reimburse accommodation expenses for patients receiving healthcare out of area. If all of the above avenues have been exhausted and the patient feels they have exceptional circumstances the patient can approach NHS Devon CCG for further signposting by contacting the PALS team on 0300 123 1672 or email pals.devon@nhs.net. PALS may advise approaching the Individual funding request panel for further consideration of their circumstances. Evidence of assistance including the above principles 2.1 – 2.5 being exhausted will be required; also evidence of the inpatient stay will be required. Patients are required to mitigate costs and this is neither a certain entitlement nor guarantee of reimbursement.

5. Exclusions

- 5.1 Subsistence costs including meals, food and beverages will not be funded
- 5.2 NHS funded treatment overseas is outside the scope of this document (please see planned treatment abroad policy)
- 5.3 All new claims will be considered after publication of this policy on the CCG website. Retrospective claims will not be considered.

6. Who to contact / further information

- The Care coordinator or professional lead
- The Inpatient ward's staff and ward manager
- The Patient Advice and Liaison Service at the Provider
- The General office staff at the Provider
- The Patient Advice and Liaison Service at NHS Devon CCG
- Application to appeal through the Individual funding request panel is available through NHS Devon CCG PALS pals.devon@nhs.net

7. Review process

- 7.1 These guidelines will be reviewed annually or as appropriate.

8. Appendix 1 – Signposting to possible funding options

Please note this is not an exhaustive list.

Local welfare support is provided by local councils - all have their own criteria, for Exeter City Council see:
